

Go to the system's user panel and touch the raised bar below SYSTEM button on the lower left cover.

Touch the raised bar above SETUP button on the top right of the display.

Use the scrolling wheel to scroll down to USAGE COUNTERS.

Touch the ENTER button. This button looks like a square with the corners removed.

Touch the raised bar above NEXT button until you see TAC. In this screen you will see a number beside black and color. You will need to submit both numbers.

The square foot reading is also obtained from these screens.
